

**Remarks**

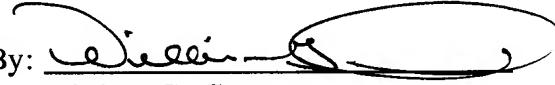

The specification has been amended to correct minor clerical errors, to implement idiomatic English usage, and to add United States Patent and Trademark Office - recommended headings and subheadings. The claims have been rewritten to eliminate multiple dependent claims and to place the claims into conventional U.S. format. No new matter is believed to have been introduced by virtue of any of these amendments.

Early favorable consideration is respectfully requested.

Respectfully submitted,

**Oliver Shaefer et al.**
